**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I finally have a local carrier that I can call or even visit. The service is inexpensive and competitive and I am very happy with LMI. net. I would probably not be able to have internet if the prices were to go much higher.

Please provide more competition, not less. I live on the top floor of an apartment in an urban setting but there are only a couple of internet providers to choose from.

I volunteer for a group of singers that visit and sing for people on hospice, dying or in very poor physical health; also for newborns in the hospital in intensive care. It is important that I am able to provide singing for them in a timely fashion. For that I rely on my computer as well as to learn songs and different languages to sing them in.

Thank you.
